THE FUTURE IS GREAT!

May I thank you all for the enormous support Future 4U has received from you to date. It was a privilege to work with your referrals. With your referrals, the practice is growing weekly. We are very aware of our commitment towards personalized service, and therefore continue to limit the number of clients we see per day.

Since my last communication to you, we have made significant inroads into the growth of the service. The following four areas were introduced, based on the feedback we have received over the last year.

1. We offer counselling for a wide range of issues. These include; grief and loss, relationship, personal development, mild anxiety and depression, self-esteem, identity, family therapy, alcohol and drug addiction.
2. Future 4U is a LTA Assessment Center for people seeking to reapply for their vehicle licenses after suspension.
3. Future 4U offers a clinical supervisory service to those who wish to enhance their practice and skills.
4. We extended the number of services we work with to facilitate free counselling clients. Clients can now source financial support from one of the following institutions, based on their employment or financial status:
 1. EAP Services – Free counselling through employer
 2. EAP Works – Free counselling through employer
 3. Instep Limited – Free counselling through employer
 4. Vitae Limited – Free counselling through employer
 5. Work and Income – Free counselling through WINZ
 6. TPC (Tui Ora) – Free counselling through GP's.

Funding is available through these organizations. Service users belonging to companies that subscribe to these services can request their Human Resource Managers to arrange for free or subsidized counselling. People who are Work and Income service users can get funding via the disability allowance.

5. We have extended our service to Stratford. We have office hours on Wednesdays from 9 am to 5pm. We are based in the Tutaki Trust Youth Centre, 88 Juliet Street. To make an appointment please give Yvonne a call on (06) 7575961, 021 523 986 or e-mail her on yvonne@future4u.co.nz.

“Future 4U is now a Land Transport Act assessment center and can help with license renewal evaluations and applications” – Yvonne
